

# SETTING UP THE APPLICATION ENVIRONMENT

## Create An Account In Sendgrid

Date	11November 2022
Team ID	PNT2022TMID47696
Project Name	Inventory Management System For Retailer

Create An Account In Sendgrid:

The screenshot shows the SendGrid dashboard interface. On the left is a sidebar with navigation links: Dashboard, Email API, Marketing, Design Library, Stats, Activity, Suppressions, Settings, and Twilio SMS. The main content area has a header 'Welcome, deva!' with a sub-header 'To get up and running quickly, please follow the steps outlined below.' Below this is a blue banner that says 'Send your first emails with Twilio SendGrid'. The main section is titled 'Create a sender identity' and explains that a sender identity is the 'from' email address. It offers two options: 'Create a Single Sender' (highlighted in blue) and 'Authenticate a domain instead'. To the right, there is a diagram showing an email structure: 'Your Business' as the sender and 'to me' as the recipient, with a placeholder for the email address. At the bottom, there is a section 'Send your first email' with a note: 'Please create a sender identity before sending your first email.'
